**Sandusky County Comprehensive Plan**

Reville assisted the Sandusky County Regional Planning Commission update the county's almost 30 year-old comprehensive plan. With the assistance of WSOS Community Action Commission, Reveille was tasked with drafting of the housing, quality of life, natural resources, utilities, transportation, land use, and planning tools chapters.

Another large task included the alteration of existing geographic information system data so that it could be used to develop highly accurate land use and other specialized maps by parcel. Over the course of the Plan's development, Reveille staff held public meetings in every political subdivision within Sandusky County.
